SUMMARY

Full Stack Developer skilled in React.js, Node.js, PHP, and Laravel, with strong experience in MySQL, MongoDB, WordPress, and WooCommerce. Passionate about creating clean, responsive, and user-focused web applications. Quick to learn new technologies and dedicated to writing efficient, maintainable code that delivers real value. Always focused on combining functionality with great design to create smooth digital experiences.

SKILLS

Frontend: React, Next.js, Tailwind CSS, JavaScript (ES6+), HTML, CSS

Backend: Node.js, REST APIs, Authentication, Express.js

Database: MongoDB, MySQL

CMS & E-commerce: WordPress, Woocommerce

PROJECTS

- [Londonsquare](#) – Built responsive website with Next.js, Tailwindcss, optimized SEO and improved performance.
- [Altima India](#) – Developed the UI for Altima India's aluminum hardware website using WordPress, focusing on a clean and improved user experience.
- [Webczar Solutions](#) – Developed an attractive and modern UI for IT company website using React.js, Tailwind CSS, Flowbite and animation tools like GSAP.
- [TradeNest](#) – Developed a personal trading platform using the MERN stack with secure user authentication and real-time market data features.

- [NourishandWellness](#) – Built a healthcare and wellness ecommerce website for Nourish & Wellness using WordPress, WooCommerce and PHP.
- [Blog CMS](#) – A complete blog system with CRUD and admin controls using React.js, Node.js, MongoDB and Tailwind CSS.
- [Aestheticsdigitalworld](#) – Designed and built a professional firm website with a clean UI, service pages and responsive layout using HTML, CSS and JavaScript.

EXPERIENCE

- Aesthetics Digital World – Full Stack Web Developer (January 2025 – Present)
 - Building full-stack features with React.js, Node.js, MongoDB and JWT authentication
 - Handling Laravel projects, including backend logic, APIs and database management
 - Improving UI, performance and user experience across multiple client projects.
 - Integrated third-party services such as payment gateways, email services, and cloud storage
 - Built reusable and scalable React components using hooks, context API, and modern state management patterns
 - Managed frontend and backend communication using Axios and handled protected routes on the client side
- CADL (Chandigarh Academy of Digital Learning) – Web Developer Trainee (Aug 2024 – Jan 2025)
 - Learned and practiced frontend development with HTML, CSS, JavaScript and basic React
 - Assisted in building small website modules and UI components under senior developer guidance
 - Worked on simple backend tasks such as REST API calls and form submissions
 - Supported the team in debugging issues and testing features before delivery.

EDUCATION

Lovely Professional University – BCA (2025 – Present)

G.M.S.S School – 12th (2024)

Kendriya Vidyalaya No.2 – 10th (2022)
